nystery that has long puzzled the police of the country.

Wolfshon, who was arrested for a local burgfary, says in 1000 he was walking through the Rochester Cemetery when he met the Shoemaker girk. He fitted with her, according to his confession, and later made an indecent proposal to her. When she repelled him Wolfshon, who says the girl was planting flowers upon the grave of her father, attacked her. First he choked her and then associated when the same should be a supported to the same supported to the same should be a supported to the same should be a supported to the same should be a supported to the same supported to the same should be a supported to the same should be suppor
